A modern interior hallway featuring a dark blue door on the left, a large arched mirror on the wall, and a dark blue frame on the right. A vase of dried flowers sits on a small table in front of the mirror. The walls are light-colored with decorative molding, and the floor is made of dark wood. A semi-transparent dark blue banner with white text is overlaid in the center.

Клей МОНТАЖНЫЙ СВЕРХСИЛЬНЫЙ

БЕЛЫЙ

100
кг/м²

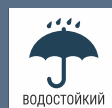

300мл
12 шт.

Для монтажа всех наших изделий рекомендуем использовать высококачественный клей под торговой маркой Bello Deco, который является отличным решением с точки зрения надежности и удобства монтажа.

Клей белый, создан на основе акриловой водной дисперсии, эластичен, обладает высокой силой первичного схватывания, достаточной для монтажа любых элементов декора, в том числе особо нагруженных. Клей применяют как непосредственно для приклеивания изделий к поверхности, так и для заполнения зазоров, швов и стыков. Помимо монтажа декоративных изделий из пенополистирола и полиуретана, клей

подходит для работы с такими строительными материалами, как дерево, ДСП, МДФ, гипсокартон, керамика, стекло, бетон, ПВХ и многими другими.

Благодаря своему уникальному составу клей Bello Deco не токсичен, после высыхания не желтеет, устойчив к атмосферным воздействиям, может применяться в помещениях с повышенной влажностью и высокими требованиями к экологичности.
